💼 EXPERIENCE

HAPPAY (CRED) | ReactJs, Javascript, Redux, PWA, PWA

Senior Software Engineer

Jan, 2019 - Present

⌨ EPIC - Platform 🔗
- Led the development of an innovative payment solution within a Progressive Web App (PWA) and Responsive Web Design (RWD) framework, using React and Redux.
- Engineered a seamless and responsive payment experience for diverse devices, demonstrating expertise in driving technological advancements and user-centric solutions.

⌨ Widgets - UI Library 🔗
- Initiated and led the end-to-end development of a pioneering product with a proprietary NPM library. Ensured cross-platform compatibility and standardized user experience across multiple products.
- Developed an extensive suite of adaptable widgets, showcasing proficiency in creating scalable and reusable components.

⌨ Invoice Solution 🔗
- Pioneered the creation of an innovative invoice product using ReactJs, Redux, and React Router. Developed responsive components, showcasing a commitment to delivering adaptable and user-centric applications.
- Demonstrated expertise in ReactJs, Redux, and React Router for seamless execution and feature-rich product development.

⌨ Cards Platform 🔗
- Spearheaded the development of a comprehensive product with diverse responsive components. Mastery of ReactJs, Redux, and React Router resulted in a seamlessly integrated and highly responsive product.
- Active involvement in optimizing user experience across various devices, emphasizing adaptability and user-centric design.

⌨ Travel Portal 🔗
- Single-handedly led the development of critical components, emphasizing adaptability and user-centric design. Actively participated in the transformation of the entire application into a PWA, showcasing a commitment to staying at the forefront of technological advancements.
- Hands-on experience with ReactJs, Flux, and Redux highlights a deep understanding of modern front-end technologies.

⌨ Analytics 🔗
- Conceived, developed, and maintained a sophisticated analytics product. Proficient in crafting custom configurations for charts and tables, reflecting a dedication to delivering impactful and user-friendly applications.
- Hands-on experience underscores proficiency in analytics tool development and autonomous delivery of end-to-end solutions.

⌨ Expense Portal 🔗
- Played a pivotal role in developing the Expense portal, focusing on intricate logical implementations. Actively participated in the development of crucial components such as OCR configuration and KYC, showcasing proficiency in logical problem-solving and advanced front-end technologies.
- Contributions highlight an ability to excel in challenging and detail-oriented projects.

⌨ ISAC 🔗
- Led the comprehensive development of ISAC, a product built entirely from scratch using ReactJs, Redux, and React Router. Meticulously crafted as a Progressive Web App (PWA) for optimal accessibility.
- Steered the creation of detailed API documentation, demonstrating technical proficiency and effective communication skills. PWA and mobile responsiveness highlight a commitment to cutting-edge solutions.

🧠 SKILLS

ReactJs - Advanced proficiency

Javascript - proficient

CSS3/SCSS - Extensive experience

Micro Frontend   **Design System**

Mobile Web Development   **PWA**

App Script   **Redux**   **RWD**

HTML5

🏆 REWARDS

א. Talent Density Pitstop (TDP) Program Recognition

Recognized as a top talent in the TDP program for consistently surpassing expectations and making substantial contributions to team success, showcasing exceptional skills and dedication.

🎓 EDUCATION

M.Tech

Indian Institute of Information Technology - Allahabad

01 July, 2016 - 01 August, 2018

Information Technology

CGPA - 8.6

B.E.

University Institute of Technology - RGPV

01 June, 2011 - 01 June, 2015

Computer Science
